

Directions from Montrose

Go South on HWY 550. Make a Left On Ouray County Road 2 into Billy Creek Wildlife Area. This turn is approx. 12.4 mi. from the last stop light in Montrose or 2.8 mi. from Colona. Ouray County Road 2 is a gravel road. Follow this road as it meanders through some hay fields for 2 mi. Then there is a fork in the road. Your options are to keep going straight or make a right turn. Turn Right. Do not go straight. Turn Right. On the side of the road there is an arrow pointing you in the right direction. There are many service roads that connect to the road. Don't take any of them. Stay on the main gravel road for 4.7 mi. as it switches back and forth up hill. Once you reach the top of the hill the road has another fork. It forks to the left or the right. This is where we will meet you to bring you to our ranch for your horseback adventure.

- Allow 45 min – 1 hour for travel time
- Please be punctual.
